ADVERTISE ARIZONA.

The opium smokers must go.

Avoid the dark chamber would-be politician.

Politicians, like poets, are born, not made to order.

Arbitration should rule between capital and labor.

If you don't read THE ARIZONA REPUBLICAN you don't get the news.

The Louisiana lottery company will not have a walk-over at the next election.

Something seems to be eating the Yuma Times. Looks like a bad case of Democratic bile.

That is a mighty contest between giants—the fight for supremacy on the Vanderbilt lines.

When Phoenix people go abroad the only home paper they find anywhere is THE ARIZONA REPUBLICAN.

There are no end of sun-kissed vales in Arizona, but none more lovely than that of the Salt River.

There are others than Chinese in Phoenix who smoke opium. Make a raid on the white smokers.

A newspaper may be able to fill up its columns by filching from exchanges, but it will not give its readers much news.

The Republicans of Phoenix should hold a mass meeting to place in nomination a ticket to be voted for at the primaries.

A carload of beans was received at Tempe, yesterday, from California. This importation is not creditable to our valley.

It has been an unusually cool season in California, but it is not attributed to the frigidity between Huntington and Stanford.

Just now Frank Cox is being "knifed," but Frank has a pretty tough political cuticle and is quite able to take care of himself. All states he will repay with interest.

The Militia of Arizona is being organized on a substantial basis. No politics, creed or nationality will be known in it. Some of the companies are largely Democratic, we understand.

Improvements are steadily going forward at the penitentiary under the wise management of Captain Ingalls. A strong effort will be made to make the prison self-supporting.

It is a singular fact that the rains of the season have been generally along the line of the Southern Pacific Railroad, in Arizona. There may be something in this for the meteorologists.

Our more or less esteemed contemporaries do not seem to take kindly to the idea of comparing circulation. The twilight organ has completely ignored our offer. This isn't fair to the advertisers.

St. Paul feels the weight of a just retribution. It howled and growled at Minneapolis until a re-enumeration of that city was ordered, but it kicks vigorously when treated to a dose of the same medicine.

The chief Markham organ in Southern California has come out openly against Senator Stanford. This was as needless as it was idiotic. The alleged Markham boom is not sufficiently strong to stand the active antagonism of the Stanford influence in California.

Southern California newspapers are still confidently asserting that Col. Markham will be nominated for Governor, but it looks very decidedly like Morrow. No better choice could be made. Morrow would sweep the State. He is an able man and an honest one.

There will be general regret that Major-General Miles should be transferred to the Department of the Missouri, away from his old associations and field of operations. He will make his headquarters at Chicago and will be a fitting representative of the American soldier to the visitors to the World's Fair.

The persecution of Pension Commissioner Raun is neither dignified nor creditable. Greene B. Raun has been in public service many years and never before has the whisper of scandal been raised against him. It is not likely that now, in his declining years, he will lapse from honor and rectitude.

Mr. J. A. Black, Commissioner of Immigration, passed through the city yesterday, on his way home from a tour of the Territory. Mr. Black's first tour consumed nearly two months' time and he has come home with a vast amount of information relative to the resources of the Territory, all of which will be embodied in his annual report and the pamphlet which he will soon issue. This work will be one of unusual interest and value.

## BEHAN AS A WRITER.

JOHNNY BEHAN, finding time hanging heavily on his hands, has taken to writing letters to the papers. In reference to turning over the prison Mr. Behan says:

I had refused to turn over, but finally I proposed to Davis and Ingalls that I would turn over on Saturday morning, on condition that my salary was to be paid up to June 1st. It was on these terms that the prison was turned up, but I had appealed the case, and filed an official bond, and a supersedeas bond, and I was advised that the District Court had no further jurisdiction, and I was fully equipped and prepared to wage that contest to the bitter end, and to remain in possession until it was decided by the Supreme Court of the United States.

This letter puts Mr. Behan in a rather peculiar light. His statement in the paper doesn't tally with his statement to Judge Kibbey. Johnnie is wincing at the truth somewhere. He was cited to appear before the Court and show cause why he shouldn't be punished for contempt. He appeared and told the court that he had thought that his appeal would lie as a supersedeas and that he had no intention to stand in contempt of the Court. Having been better advised he would turn over the penitentiary to Captain Ingalls, but that he wanted a week in which to straighten out matters.

Accepting his statement in good faith, the Court granted him until Friday, July 4, to turn over the prison and on his agreeing to do so the contempt case was held in abeyance.

This is a very different story. It isn't as ferocious as the one which Johnny has furnished the press, but it is true and of record in the Second District Court. There was no provision that Johnny should go to Yuma and dicker to obtain a salary to which he was not entitled, but the order was peremptory that on Friday, July 4, he should turn over the penitentiary Gating gun and all, to the only lawful Superintendent, Capt. Ingalls. This he agreed to do. He will not deny that he did so.

Now, did Johnny Behan try to pull the wool over the eyes of Judge Kibbey in July or is he now trying that act on the Democratic party in this month of August? Johnny is in a dilemma, whichever horn he may take.

## THE LOS ANGELES LOCK OUT.

Is it intention of the printers' lock out at Los Angeles, yesterday morning, THE ARIZONA REPUBLICAN did the Los Angeles Typographical Union an injustice. The criticism was based upon the dispatches which had been sent out and upon the statements of the Los Angeles papers, which, unfortunately gave but one side of the case. A member of THE ARIZONA REPUBLICAN staff who has just returned from the Angel City says that the first demand came from the newspaper proprietors, wherein they demanded that the present scale be materially reduced for a period of one year, the Union to sign articles to that effect. In return for this arbitrary action the Union, as a matter of self-protection and to prevent the importation of "rats," demanded that the proprietors of the various papers sign an agreement binding themselves to stand by the present scale for a period of one year.

Some of the proprietors intimating that they would enter into verbal agreement to stand by the present scale, the Union rescinded its action, asking for a written agreement, and offered to accept a verbal one instead. Further concessions were made in a many way and THE ARIZONA REPUBLICAN is glad to note that the Tribune and Express had the good judgment to meet the printers half way and end the foolish lockout they had allowed themselves to be drawn into.

Los Angeles Union, No. 174, is one of the best Unions in the West. Its members are men of education and refinement. Most of them are married men, permanent residents of the city and taxpayers. They are interested in the success of the respective papers on which they are employed almost as much as the owners themselves, and had they been met in a gentlemanly way in the effort to reduce the scale would no doubt have agreed upon a fair and equitable basis. But when the bulldozing tactics of the Times were allowed to prevail the men rebelled, as American citizens will always do under such circumstances. Should the two papers still holding out continue to fight the Union it will cost them dearly in public favor and patronage.

OODEN thinks the Jackson-Sullivan fight will bring good returns on \$30,000. We doubt it. It is not a good thing for any town to get the reputation of being the haven for prize fighters. A mild imitation of royalty and Mardi Gras processions are all right. They appeal to the intelligence and the better part of man's nature. Prize fighting is brutal and brutalizing. It appeals to the lowest instincts of man and should be discouraged. The same amount of money expended on sewers will pay better.

For the benefit of the Tucson Star especially, the following is reproduced from the Los Angeles Tribune: "Ed. S. Gill, formerly managing editor of the Tribune, and well known in this city and throughout the coast as an able newspaper man and journalist, is in the city on a brief visit, and is at the Westminister. Mr. Gill is now a resident of Phoenix, Ariz., and is one of the editors and proprietors of the ARIZONA REPUBLICAN, the leading daily paper of that Territory." Mr. Gill returned home yesterday and received a cordial welcome home from his associates.

Just now Brewster Cameron, who is sometimes a Republican and sometimes a Brutus to his party, is the chief political editor of the Tucson Star, the leading Democratic paper of the Territory. It is said that he is given access to the editorial columns of the Star because he has sufficient influence at Washington to retain the nominal editor, L. C. Hughes, a dyed-in-the-wool Democrat, in the office of United States Commissioner. Just now he is engaged in the innocent pastime of making Secretary of the Interior Noble think that Governor Wolfley is a rank idiot, who goes blabbing about like a school boy.
